# Carvin' Jack Collection™

## Carvin' Jack® 2.0

Pelican Knife

**NEW!**

V- Scorp

Detail Knife

6061 Aerospace Grade Aluminum Handle

Hook Knife Radius: .75"

Gouge Scorp

Straight Gouge

Each Carvin' Jack® includes a sheath and a custom SlipStrop for maintaining the sharpest possible edge.

The **Flexcut Carvin' Jack® 2.0** is the first folding multi-tool designed specifically for the needs of woodcarvers. At 4.4 ounces and a closed length of 4-1/4", this jackknife features 6 blade profiles.

Our **2.0 version** has a new cross-etched, aerospace aluminum handle. We've also replaced the chisel blade with a pelican knife to provide greater versatility.

Choose a right-handed knife if you are right-handed and carve with the blade towards yourself. If you carve away from yourself choose a left-handed knife. Left-handers should choose the inverse.

**Right-handed Carvin' Jack® 2.0** is the ultimate for portability, wherever or whenever you have time to carve.

**JKN291 - \$179.95**

**Left-handed Carvin' Jack® 2.0** Knife should be chosen by how you carve, not necessarily by if you are right or left-handed.

**JKNL291 - \$179.95**

## Pocket Jack® 2.0 **NEW!**

**Pocket Jack® 2.0 for Carvin'**  
New cross-etched, aerospace aluminum handle, giving you greater carving control.

This Flexcut jackknife is a streamlined version of our Carvin' Jack®, the first folding multi-tool designed specifically for the needs of woodcarving. It weighs 3.9 ounces and has a closed length of 4-1/4". Includes: Detail Knife, Straight Gouge, Gouge Scorp and V- Scorp.  
**JKN289 - \$104.95**

Straight Gouge

Gouge Scorp

V- Scorp

Detail Knife

*Pocket Jack® is the streamlined version of Carvin' Jack® with the same high-quality.*

## Tri-Jack Pro®

The **Tri-Jack Pro®** has three blades that lock in place — a roughing knife, a detail knife, and a mini-cutting knife. The roughing knife is great for modeling surfaces and creating texture, while the detail and cutting knives let you easily make the finest cuts. The Pistol Grip™ design minimizes hand fatigue and is made of aerospace-grade aluminum with a quarter-cut cherry inlay.

**JKN95 - \$107.95**

Detail Knife

Roughing Knife

Cherry Inlay

Mini-Cutting Knife

All handle scales are made of 6061 aerospace-grade aluminum.

# Whittlin' Jack®

## Whittlin' Jack®

Designed for all outdoorsmen. The Whittlin' Jack® features a 1-1/2" Detail Knife and a 2" Roughing Knife. It weighs in at just 3 ounces and is just over 4 inches long when closed, so it neatly fits in your pocket.

**JKN88 - \$63.95**

*The ultimate for portability, whenever or wherever you have the time to whittle.*

*Blades on JKN88 Whittlin' Jack® do not lock in place.*

# Detail Jack®

The **Detail Jack®** can handle a variety of projects start to finish. Its single detail knife quickly removes wood from convex surfaces, while its fine point is perfect for detailing delicate areas. The Pistol Grip™ handle design is crafted from aerospace-grade aluminum and is ergonomically designed to allow a strong grip for long periods of carving with minimal hand fatigue.

**JKN90 - \$41.95**

**There is a difference in Detail Blades. The JKN90 and JKN95 Detail Knives are more in a Wharncliffe style. The JKN88 Detail Knife is more along the tip style of a Sheepfoot blade.**

# Spoon Carvin' Jack® 2.0

**NEW!**

Variable Radius Hook Knife Radius: .375" to .5"

Pelican Knife

Flexcut's **Spoon Carvin' Jack® 2.0** makes it easy and convenient to handcraft spoons from every kind of wood stock. Our Spoon Carvin' Jack 2.0 has been redesigned for greater functionality. It now features four profiles — a Variable Radius Hook Knife, Hook Knife, Gouge Scorp, and a Pelican Knife.

Like all of the knives in our Carvin' Jack series, our Spoon Carvin' Jack fits neatly in your pocket, so you can carve wherever you go. The handle is made of rugged aerospace-grade aluminum with an ergonomic design that contours to fit the palm of your hand.

There is also deep cross-hatching on the handle to keep the knife from slipping while carving.

**JKN296 - \$139.95**

Gouge Scorp

## Sloyd Knives are Perfect for Spoon and Bowl Carving

Flexcut's Sloyd knives are tough, well-made tools. The blades are made of high-carbon steel. This results in a very hard edge for superior edge retention. For added strength, the tang of each knife extends completely through the handle. The handles are beautifully made of conditioned Cherry hardwood and feature a brass ferrule for added strength and stability.

The **Sloyd Knife** is great for whittling, marking, general wood-working and hand-crafts. Each knife comes with a custom, 100% leather sheath that easily attaches to many belt styles. The sheath's rugged stitching gives it a distinctive look and ensures long-lasting blade protection. Overall length of our Sloyd Knife is 7-1/2" including its 2-7/8" blade.

**Sloyd Knife**  
KN50 - \$63.95

*\*sheath style subject to change*

The **Double Bevel Sloyd Hook Knife** is ideal for carving spoons, bowls, ladles and other deep hollowed work. It features a double beveled blade with a square, sharpened end.

Overall length of this knife is 8-1/2".  
Radius = .75"

**Double Bevel Sloyd Hook Knife**  
KN51 - \$84.95

The **Single Bevel Sloyd Hook Knife** is perfect for forming the hollows of spoons and bowls. The deeply curved, single-edged blade is sharpened all the way to the pointed tip.

Overall length of this knife is 8".  
Radius = .5"

**Single Bevel Sloyd Hook Knife**  
KN52 - \$79.95

The **Stub Sloyd Knife** has a shorter blade than our original Sloyd knife and is perfect for smaller sized projects. It is great for whittling, marking and general wood-working. Overall length is 7" including its 2-1/2" blade.

**Stub Sloyd Knife**  
KN53 - \$49.95

The **Spear Point Small Radius Hook Knife** is great for spoons and hollowing bowls. The spear tip is perfect for delicate and detail work. It features a double beveled blade with an ambidextrous design. Overall length is 6-1/2" including its 1.9" blade.  
Radius = .412"

**Spear Point Small Radius Hook Knife**  
KN54 - \$84.95

# Draw Knives and Scrapers

## 5" Draw Knife

Our draw knife has 5 inches of workable edge which is designed to flex around contours where large amounts of stock need to be removed quickly. The tool can be flexed slightly to accommodate concave or convex surfaces. Cuts can be made that conform more closely to the finished shape, taking less time to sand or scrape.

**5" Draw Knife with sheath**  
**KN16 - \$57.95**

## 3" Draw Knife

**3" Draw Knife with sheath**  
**KN25 - \$44.95**

This handy little draw knife was developed for fan carving and also works great for skinning bark and roughing off corners. It fits nicely into the tool box.

**Dual-Sided Paddle Strop™**  
**10" x 3"**  
**PW16 - \$39.95**

## 1" Draw Knife

This miniature draw knife is designed for hard-to-reach areas, where a pulling action is more conducive to efficient stock removal. The shank allows the cutting angle to be changed easily for contoured cuts.

**1" Mini-Draw Knife**  
**KN17 - \$35.95**

## The Spear Point Variable Radius Hook Knife

is perfect for spoons and bowls. The spear tip is great for delicate work and carving fine details. It features a double beveled blade with an ambidextrous design. Overall length is 6.8" including its 2-1/4" blade.

Radius (Variable) = .5" to 1.25"

**Spear Point Variable Radius Hook Knife**  
**KN55 - \$84.95**

## Profile Scrapers

Remove any uneven surface or finish from your work without the use of sandpaper that costs money and creates airborne dust. Power handle included.

**Profile Scrapers**  
**SK121 - \$59.95**

### Removes:

- Roughness created by hand or power carving.
- Ripple marks from molding operations.
- Excess glue in hard-to-reach areas.
- Unwanted paint or other finishes.

# Premium Palm Sets

Approximate Premium Palm Tool Length: 5-1/4"

Flexcut has minted five sets of exceptional quality premium palm tools. The tools feature broad, short knob handles in the European tradition, flat on one side so they don't roll. The handles are cut from **fine cherry wood** with a **polished brass ferrule** for strength, stability and long working life. Each set comes in its own **cherry box** with a lid.

*Premium Palm Tools sold in sets only, not available individually.*

# Mallet Tools

Approximate Mallet Tool Length: 10"

Sometimes pushing tools by hand is not the most efficient way to go, especially when carving large projects or denser hardwoods. Our mallet tools are designed with just that in mind. Handcrafted with the same long-lasting Flexcut® razor edge, our Ash handles can be driven with a mallet or by hand.

# Sharpening

## SlipStrop™

An economical way of maintaining your tool's razor edge. It has been specially molded to allow for polishing and deburring the hard-to-reach areas on the inside of V-tools and gouges as well as the outside edge bevel. Includes small 1 oz. bar of Flexcut Gold polishing compound and detailed instructions.

PW12 - \$19.95

## Knife Strop™

An 8" x 2" leather stropping surface designed for stropping and keeping your knife blades razor sharp. Simply strop your knife blade away from the cutting edge on both sides to maintain your factory edge. Use clamped or handheld; Includes a 1 oz. bar of Flexcut Gold Polishing Compound designed to adhere to the strop by rubbing the bar on the leather surface of the strop. PW14 - \$18.95

## Dual-Sided Paddle Strop™

This Dual-Sided Paddle Strop has a 10" x 3" stropping surface to keep your blades at peak performance. The rough leather surface is used in conjunction with Flexcut Gold Polishing Compound to remove hardened steels. Turn the paddle over to the smooth leather surface for a high-sheen, razor-sharp finish.

**Perfect for Sharpening:**

- All Flexcut Tools • Draw Knives
- Large Knives • Hand Planes
- Kitchen Cutlery • Chisels
- Turning Tools • Mallet Tools

PW16 - \$39.95

## Hook Strop

Flexcut Hook Strop is used to polish the INSIDE edge of any hook knife. The inside edge of a hook knife needs to be polished regularly to keep it razor sharp. The Hook Strop is also used to remove the wire edge that forms after sharpening with a Hook Hone.

PW17 - \$24.95

## Hook Hone

Flexcut Hook Hone is used to sharpen the INSIDE edge of any hook knife. This sharpening tool uses abrasive paper as a more aggressive solution than stropping to remove nicks and scratches from the cutting edge.

PW18 - \$28.95

**NEW!**

## Hook Sharpening Set

Combined for your convenience, this set includes both our Hook Strop and Hook Hone to keep the inside edges of your hook knives razor sharp. PW19 - \$47.95

## Flexcut Gold™ Polishing Compound

Flexcut Gold™ 6 oz. polishing compound has been specially formulated to apply to the strop like a crayon. Its blend of aluminum and titanium oxide abrasives provides a balance between aggressive removal of hardened tool steels and offers a high-sheen polish. PW11 - \$13.95

## Leather Power Strop

This handy tool fits into any power drill. Simply apply the included buffing compound to the leather wheel and let the drill do the work of bringing your edge up to a polished surface.

PWS10 - \$38.95

## Deluxe Power Strop

The deluxe strop is identical to the standard PWS10 and contains an additional V-shaped leather wheel for buffing inside V-tools and gouges.

PWS20 - \$54.95
