

**Flexcut Pro Series Flat Grind Blade
FP01 1-3/8" Detail Knife**

1 3/8" Detail Knife – The 1 3/8" Flexcut Pro Detail Knife features a narrowly tapered full flat grind wharncliffe blade in precision heat treated 1095 steel, polished to a brilliant mirror finish. This knife excels at precise detail carving work. The shorter blade length, slim profile, and narrower detail tip provides the highest level of precision and control.
