

**Flexcut Pro Series Flat Grind Blade
FP02 1-5/8" Carving Knife**

Full-size handle

1 5/8" Carving Knife – The 1 5/8" Flexcut Pro Carving Knife features a versatile full flat grind sheepsfoot blade in precision heat treated 1095 steel, polished to a brilliant mirror finish. This knife is great for all around carving work. The medium blade length, slim profile, and detail tip provides enough reach for tough cuts while maintaining full control.

Easy grip surface.

Precision heat treated blades

Bold Facets.

Larger surface area above blade for more grip styles and better control.

Minimal bulk blade choil to prevent interference during carving.
